Installation Instructions

Isuzu MUX (2021+)

STEP INSTRUCTION

1 Lever and lift plastic trimming, as pictured.

2 Carefully loosen, then remove, the display unit. Plastic clips may break due to Isuzu design when removing front panel.

Unplug rear cables and set display unit aside.

Return display unit to the dash, then restore speedometer surround. Install bracket, using 3 x fixings underneath. There will be a small gap between the plastic and metal components.

Install front dash bracket using 6 x provided screws.

Enjoy your new InDash Mount!
