

Installation Instructions

LandCruiser 70 Series (2009-23) Install Instructions

Vesa E

Step	Instructions
------	--------------

- 1 Remove climate control plastic caps. Loosen and set upper dash cover aside.

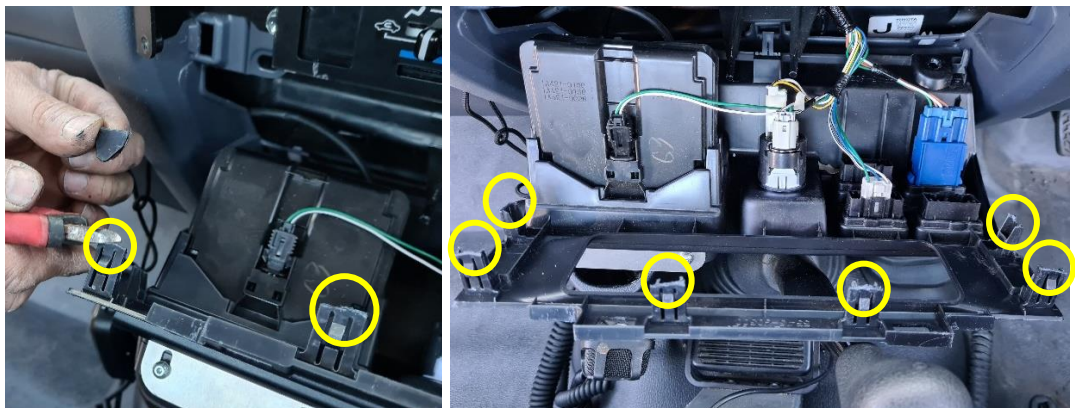

- 2 Remove 4 x radio unit screws, then remove 2 x lower dash screws.
Loosen and remove lower dash piece.

- 3 Remove climate control face. Remove 4 x screws then install brackets in place as shown.

- 4 Trim the tips from the internal plastic connectors as shown.

- 5 Using a sharp blade, carefully shave plastic from the internal lower dash piece where it will come into contact with the newly installed brackets. Take care not to damage the external face.

Return climate control face, lower dash piece and lower dash screws into place.

- 6 Install the upper bracket on the underside of the radio, then return 4 x screws to the dash.

Return upper dash cover to the dashboard.

- 7 Install front bracket using 6 x mounting locations.

Enjoy your Dash Mount!
